PROFILE

UI/UX Designer with a Bachelor's degree in Computer Science Engineering (AI ML) from Chandigarh University. Experienced in end-to-end product design, from user research and information architecture to high-fidelity prototypes and design systems. Seeking a UI/UX Designer or Product Designer role where I can create intuitive, user-centred digital products that solve real user problems.

EDUCATION

Chandigarh University, Chandigarh	2022 – 2026
<i>B.E. Computer Science Engineering (AI & ML)</i>	GPA: 7.63/10
• Relevant Coursework – AI-ML, Data Visualization, Software Engineering	
G.M.S.S.S Civil Lines, Patiala	2021 – 2022
<i>Senior Secondary (12th)</i>	89%
Aman Public School, Patiala	2019 – 2020
<i>Matriculation (10th)</i>	95%

SKILLS

- **UI/UX Design:** User Research, Wireframing, Prototyping, User Flow, Information Architecture, Interaction Design, Design Systems
- **Tools:** Figma, Framer, Wix Studio, FigJam, Miro, Notion
- **AI-Assisted Design:** V0.dev, Figma Make, Framer AI
- **Frontend:** HTML, CSS

PROJECTS

FinWise — Budgeting & Expense Tracking App	Jun 2025
Tools: Figma, Google Forms, FigJam, Miro	
• Designed end-to-end dashboards, transaction tracking, and savings insights interface for a personal finance app targeting young adults. • Built 30+ screens of wireframes and interactive prototypes in Figma, covering 5 core user flows. • Conducted user research with 10+ participants, synthesising findings to restructure information architecture and reduce navigation depth by 2 levels.	
NEONVOID — Record Store Platform	Jan 2026
Tools: Figma, Figma Make, Supabase	
• Designed a responsive desktop and mobile e-commerce interface with a reusable component library of 20+ elements, cutting future design iteration time. • Developed moodboards and a dark-themed visual identity, then translated them into a cohesive high-fidelity UI. • Built interactive prototypes with micro-interactions (hover states, transitions) to communicate motion intent to developers.	
Workout Planning App	Apr 2025
Tools: Figma, Framer	
• Mapped a multi-step user flow for personalised workout plan generation, reducing task completion to under 4 taps. • Designed and prototyped a responsive mobile interface validated through usability testing with 8 participants. • Iterated on navigation structure based on user feedback, improving task success rate from 65% to 90%.	

CERTIFICATIONS

• Google UX Design Certificate	2024
• Generative AI – Oracle University	2024
• Python Data Structures – University of Michigan	2023

EXTRA-CURRICULAR ACTIVITIES

- **2nd Runner-up** – National Writing Competition, Tata (500+ participants); wrote a short story on technology and human connection.
- **3rd Runner-up** – Drawing Competition, Reliance Foundation; submitted a digital illustration on sustainable cities.

LANGUAGES & INTERESTS

- **Languages:** English (Professional), Hindi (Native)
- **Interests:** Interface Design, Visual Design, Music Culture, Sketching, Movies, Gaming
